

Jared Medina

Department of Psychology
University of Delaware
216 Wolf Hall
Newark, DE 19716
jmedina AT psych DOT udel DOT edu
<http://www.jaredmedina.com>

Current Position

2012- Assistant Professor, Department of Psychology, University of Delaware

Positions Held

2011-2012 Visiting Assistant Research Professor, Department of Neurology, Center for Cognitive Neuroscience, University of Pennsylvania

2009-2012 Visiting Assistant Professor, Department of Psychology, Haverford College

2006-2011 Postdoctoral Fellow, Department of Neurology, Center for Cognitive Neuroscience, University of Pennsylvania (advisors: H. Branch Coslett, Roy Hamilton)

Education

2006 Ph.D., Cognitive Science, Johns Hopkins University (advisor: Brenda Rapp)

2002 M.A., Cognitive Science, Johns Hopkins University

1998 B.S., Psychology; B.A., Classics, with honors. University of Florida

Grants Awarded

2016-2020 **National Science Foundation (OIA-1632849)**
"RII Track-2 FEC: Neural networks underlying the integration of knowledge and perception"
PI: Jared Medina
Total Costs: \$6,000,000

2016-2018 **National Institutes of Health, subcontract (U54 GM104941)**
"Examining Somatosensory Plasticity After Stroke"
PI: Stuart Binder-Macleod (Univ. of Delaware)
Co-PI: Jared Medina
Total Costs: \$85,000

- 2016-2017 **National Institutes of Health, subcontract (P50 DC012283)**
“Neurobiology of Language Recovery in Aphasia: Natural History and Treatment”
PI: Cynthia Thompson (Northwestern)
Co-PI: Jared Medina
Total Costs: \$15,000
- 2013-2015 **University of Delaware Research Foundation (13A00851)**
“Understanding the Body Schema – The Cognitive Neuroscience of Body Representation”
PI: Jared Medina
Total costs: \$35,000
- 2011-2013 **University of Pennsylvania Institute of Aging**
“Transcranial Direct Current Stimulation to Enhance Language Recovery in Patients with Aphasia after Subacute Stroke”
PIs: Jared Medina & Roy Hamilton
Total costs: \$50,000
- 2007-2009 **National Institutes of Health, subcontract (R24 HD050836)**
“Neural Correlates of Kinematic Motor Learning”
PI: John Whyte
Co-PI: Jared Medina
Total costs: \$12,000

Invited Talks

- 2018 Mar Medical University of South Carolina
2018 Feb Nemours Children’s Hospital
2018 Jan National Institute on the Teaching of Psychology
2017 Nov University of New South Wales
2017 Nov Macquarie University
2017 Apr Emory University
2017 Jan Johns Hopkins University
2016 Jun Beijing Normal University
2014 Jun Universitat di Hamburg
2014 Feb Rice University
2014 Feb University of Pennsylvania, Department of Neuropsychiatry
2014 Jan Center for Mind/Brain Sciences (CiMEC), University of Trento
2012 Apr University of Chicago (Goldin-Meadow Lab)

2012 Jan Johns Hopkins University
2011 Feb Mount Holyoke College

Presentations

Conference & Workshop Talks

Medina, J. (2018). Examining embodiment using the mirror box illusion. Talk given at Attention and Awareness, New York City.

Medina, J. (2017). Disembodying touch with the mirror box illusion. Talk given at the 58th annual meeting of the Psychonomic Society, Vancouver.

Medina, J. (2017). No evidential value in tDCS studies of cognition and working memory. Talk given at the University of Nebraska NSF EPSCoR Core Outreach Workshop, Lincoln.

Medina, J. (2017). Examining somatosensory plasticity and behavioral recovery after stroke. Talk given at the 4th Annual Meeting of the Delaware Clinical and Translational Research Program, Newark.

Medina, J. (2017). Sensory deficits and motor function after stroke: Evidence from single subject fMRI. Talk given at Stroke Recovery Research: From Translational Science to Community Based Research, Charleston.

Medina, J. (2016). Patterns of tactile localization after damage to somatosensory cortex. Talk given at the Tactile Research Group meeting, Boston.

Liu, Y., & **Medina, J.** (2016). Influence of the Body Schema on Multisensory Integration: Evidence from the Mirror Box Illusion. Talk given at the 57th Annual Meeting of the Psychonomic Society, Boston.

Medina, J. (2016). The landmark localization task and domain-general biases: evidence against a distorted body model hypothesis. Talk given at the 16th International Multisensory Research Forum, Suzhou, China.

Medina, J. (2016). Single case cognitive neuropsychology in the 21st century. Plenary session talk at the European Workshop in Cognitive Neuropsychology, Bressanone, Italy.

Medina, J. (2014). Mirror-touch synesthesia: Effects of body position on percept localization. Talk given at the 55th Annual Meeting of the Psychonomic Society, Long Beach.

Medina, J., Baumert, E., & Ziegler, M. (2014). Knowledge of hand configuration without knowledge of hand location. Talk given at the 15th International Multisensory Research Forum, Amsterdam, the Netherlands.

Medina, J., Jax, S.A., & Coslett, H.B. (2014). Impairments in action and perception after right intraparietal damage. Talk given at the European Workshop in Cognitive Neuropsychology, Bressanone, Italy.

Medina, J., Khurana, P., & Coslett, H.B. (2013). Embodiment and the mirror box illusion. Talk given at the Tactile Research Group meeting, Toronto, Canada.

Medina, J. (2013). Dynamic shifts in tactile localization after stroke. Invited symposium talk given at the 14th International Multisensory Research Forum, Jerusalem, Israel.

Medina, J., Khurshid, S., Hamilton, R.H., & Coslett, H.B. (2012). Examining tactile spatial remapping using transcranial magnetic stimulation. Talk given at the 13th International Multisensory Research Forum, Oxford, England.

Medina, J., Hamilton, R.H., Norise C., Turkeltaub, P.E., & Coslett, H.B. (2011). Transcranial Magnetic Stimulation Improves Discourse Productivity in Nonfluent Aphasics. Talk presented at the 49th Meeting of the Academy of Aphasia, Montreal, Canada.

Medina, J., Drebing, D.E., Hamilton, R.H., & Coslett, H.B. (2011). A case of phantom synchiric percepts in touch and vision. Talk presented at the 12th International Multisensory Research Forum, Fukuoka, Japan.

Rapp, B., & **Medina, J.** (2010). Somatosensory frames of reference. Invited plenary lecture presented at the European Workshop on Cognitive Neuropsychology, Bressanone, Italy.

Medina, J., & Rapp, B. (2009). Dynamic shifts in tactile localization following stroke. Talk presented at the Tactile Research Group meeting, Boston.

Medina, J., & Rapp, B. (2006). Somatosensory Frames of Reference: A Case of Tactile Synchiria. Talk presented at the Tactile Research Group meeting, Houston.

Medina, J., Barker, P., Jacobs, M., Wityk, R., & Hillis, A. (2003). Neural Substrates of Specific Types of Unilateral Spatial Neglect: Evidence from MR Perfusion and Diffusion Imaging. Talk given by Argye Hillis at the 55th annual meeting of the American Academy of Neurology, Honolulu.

Medina, J., & Hillis, A. (2003). Using MR perfusion and diffusion imaging to identify neural substrates of specific types of unilateral spatial neglect. Talk given at the 4th International Conference on Cognitive Science, Sydney, Australia.

Medina, J., & Hillis, A. (2003). Identifying neural regions for distinct types of unilateral spatial neglect using MR perfusion and diffusion imaging. Talk given at the IGERT Student Research Symposium, Pittsburgh.

Posters

Liu, Y., O'Neal, A., & **Medina, J.** (2018). Biased tactile localization with an intact somatosensory system: A case study. Poster to be presented at the 25th annual meeting of the Cognitive Neuroscience Society, Boston.

Liu, Y., & **Medina, J.** (2017). Multiple mechanisms underlying shifts in perceived limb position in the mirror box illusion. Poster presented at the 58th annual meeting of the Psychonomic Society, Vancouver.

Liu, Y., Faseyitan, O., Coslett, H.B., & **Medina, J.** (2017). Motor and somatosensory reorganization in a patient with a somatosensory lesion. Poster presented at the 47th annual meeting of the Society for Neuroscience, Washington, D.C.

Liu, Y., & **Medina, J.** (2017). Two mechanisms for shifts in perceived limb position in the mirror box illusion. Poster presented at the 17th International Multisensory Research Forum, Nashville.

Medina, J., & Katz, S. (2017). Disembodied touch: A mirror induced illusion. Poster presented at the 17th International Multisensory Research Forum, Nashville.

Liu, Y., & **Medina, J.** (2016). Corporeal constraints on multisensory integration: Evidence from the mirror box illusion. Poster presented at the 16th International Multisensory Research Forum, Suzhou, China.

Cason, S., & **Medina, J.** (2016). Examining the evidential value of tDCS studies using a p-curve analysis. Poster presented at the 23rd annual meeting of the Cognitive Neuroscience Society, New York.

Grzenda, M., & **Medina, J.** (2016). Biases in tactile localization subsequent to cortical damage. Poster presented at the 23rd annual meeting of the Cognitive Neuroscience Society, New York.

Liu, Y., & **Medina, J.** (2016). Beyond modalities: Integrating multisensory information across different reference frames. Poster presented at the 23rd annual meeting of the Cognitive Neuroscience Society, New York.

Medina, J., Faseyitan, O., & Coslett, H.B. (2015). Post-stroke cortical reorganization subsequent to somatosensory lesion. Poster presented at the 22nd annual meeting of the Cognitive Neuroscience Society, San Francisco.

Liu, Y., & **Medina, J.** (2015). Examining spatial and motor congruence in a mirror box illusion. Poster presented at the 16th International Multisensory Research Forum, Pisa, Italy.

Medina, J., & DePasquale, C. (2015). Visual interference and subtypes of mirror-touch synesthesia. Poster presented at the 16th International Multisensory Research Forum, Pisa, Italy.

Medina, J., & DePasquale, C. (2014). Feeling your touch: Spatial frames of reference and subtypes of mirror-touch synesthesia. Poster presented at the 44th Annual Meeting of the Society for Neuroscience, Washington, DC.

Medina, J., & DePasquale, C. (2014). Influences of the body schema on mirror-touch synesthesia. Poster presented at the 15th International Multisensory Research Forum, Amsterdam, the Netherlands.

Coslett, H.B., & **Medina, J.** (2014). Using TMS to examine visual contributions to the body schema. Poster presented at the 21st annual meeting of the Cognitive Neuroscience Society, Boston.

Medina, J., Baumert, E., & Ziegler, M. (2014). Dissociating the body schema: Evidence from two case studies. Poster presented at the 66th annual meeting of the American Academy of Neurology, Philadelphia.

Coslett, H.B., & **Medina, J.** (2014). Apparent body size alters motor function. Poster presented at the 66th annual meeting of the American Academy of Neurology, Philadelphia.

Coslett, H.B., Faseyitan, O., **Medina, J.**, & Iannacone, M. (2014). Effects of gaze, head and hand location on motor function: Evidence from TMS in normal subjects. Poster presented at the 66th annual meeting of the American Academy of Neurology, Philadelphia.

Medina, J., Khurana, P., & Coslett, H.B. (2013). Action and embodiment in a mirror box illusion. Poster presented at the 14th International Multisensory Research Forum, Jerusalem, Israel.

Norise, C., Garcia, G., Beauvais, J., Faseyitan, O., Drebing, D., **Medina, J.**, & Hamilton, R. (2013). Individually-Targeted Transcranial Direct Current Stimulation Enhances Language Recovery in Patients with Chronic Non-Fluent Aphasia. Data blitz presentation at the 65th Annual Meeting of the American Academy of Neurology, San Diego.

Medina, J., Khurana, P., & Coslett, H.B. (2013). Manipulating Action in the Mirror Box Illusion. Poster presented at the 20th Annual Meeting of the Cognitive Neuroscience Society, San Francisco.

Norise C., Beauvais J., Drebing D., Faseyitan O., **Medina J.**, & Hamilton R.H. (2012). Individually-Guided Transcranial Direct Current Stimulation Facilitates Lasting Improvement in Patients with Non-Fluent Aphasia: A Pilot Study. Poster presented at the 50th Academy of Aphasia Annual Meeting, San Francisco.

Novick, A., Fiddes, N., Huber, T., & **Medina, J.** (2012). Response type and sex differences in a tactile temporal order judgment task with tools. Poster presented at the 13th International Multisensory Research Forum, Oxford, England.

Iannacone, M., & **Medina, J.** (2012). The rubber hand illusion and the tactile Simon effect. Poster presented at the 13th International Multisensory Research Forum, Oxford, England.

Drebing, D., **Medina, J.**, Coslett, B., Shenton, J.T., & Hamilton, R.H. (2012). An acquired deficit of intermodal temporal processing for audiovisual speech: A case study. Poster presented at the 13th International Multisensory Research Forum, Oxford, England.

Medina, J., Drebing, D.E., Coslett, H.B., & Hamilton, R.H. (2012). Phantoms and the body schema: A case of tactile and visual synchiria. Poster presented at the 19th Annual Meeting of the Cognitive Neuroscience Society, Chicago.

Khurshid, S., **Medina, J.**, Hamilton, R.H., & Coslett, H.B. (2012). Dissecting the body schema: Transcranial magnetic stimulation and the tactile temporal order judgment task. Poster presented at the 19th Annual Meeting of the Cognitive Neuroscience Society, Chicago.

Medina, J., Beauvais, J.C., Huber, E., Oliner, R., Coslett, H.B., & Hamilton, R.H. (2011). Transcranial direct current stimulation influences contralateral visual target detection. Poster presented at the 41st Annual Meeting of the Society for Neuroscience, Washington, DC.

Medina, J., Greenberg, M.P., Coslett, H.B., & Hamilton, R.H. (2011). Somatotopic representation of visual stimuli – Evidence from the Simon effect. Poster presented at the 12th International Multisensory Research Forum, Fukuoka, Japan.

Norise, C., **Medina, J.**, Coslett, H.B., & Hamilton, R.H. (2011). Fostering Fluency: Transcranial Magnetic Stimulation Improves Fluency in Subjects with Chronic Nonfluent Aphasia. Poster presented at the 18th Annual Meeting of the Cognitive Neuroscience Society, San Francisco.

Medina, J., Kliot, D., & Coslett, H.B. (2010). Effects of Perceived Limb Position on a Tactile Simon Effect Task. Poster presented at the 51st Annual Meeting of the Psychonomic Society, St. Louis.

Medina, J., Jax, S.A., Prasad, S., & Coslett, H.B. (2010). Role of visual guidance in reaching after right intraparietal sulcus resection. Poster presented at the 10th Annual Meeting of the Vision Sciences Society, Naples.

Medina, J., Benson, J., & Coslett, H.B. (2010). Differential Effects of Magnified Vision of the Arm on Tactile and Motor Tasks. Poster presented at the 17th Annual Meeting of the Cognitive Neuroscience Society, Montreal, Canada.

Medina, J., Jax, S.A., & Coslett, H.B. (2009). The neural correlates of kinematic motor learning: a transcranial magnetic stimulation study. Poster presented at the 39th Annual Meeting of the Society for Neuroscience, Chicago.

Jax, S.A., **Medina, J.,** & Coslett, H.B. (2009). Disrupted generalization of visuomotor rotation learning following cerebellar stroke. Poster presented at the 19th meeting of the Society for the Neural Control of Movement, Waikoloa, Hawaii.

Kannan, V.C., Pawlak, M.A., **Medina, J.,** Herskovits, E.H., & Hillis, A.E. (2008). Brain Voxels Associated with Distinct Neglect Subtypes. Poster presented at the 133rd Annual Meeting of the American Neurological Association, Salt Lake City.

Coslett, H.B., & **Medina, J.** (2007). Reaching with and without vision after deafferentation. Poster presented at the 37th Annual Meeting of the Society for Neuroscience, San Diego.

Medina, J., & Rapp, B. (2007). Multiple somatosensory frames of reference: Evidence from the Simon effect. Poster presented at the 48th Annual Meeting of the Psychonomic Society, Long Beach.

Medina, J., Jax, S.A., & Coslett, H.B. (2007). Reaching to moving targets after deafferentation. Poster presented at Progress in Motor Control VI, Santos, Brazil.

Medina, J., Jax, S.A., & Coslett, H.B. (2007). Representing Effector Location: Contributions of Predicted State and Sensory State Information. Poster presented at the 14th annual meeting of the Cognitive Neuroscience Society, New York City.

Medina, J., & Rapp, B. (2006). Tactile Perception Modulated by Body Position. Poster presented at the 13th annual meeting of the Cognitive Neuroscience Society, San Francisco.

Medina, J., & Rapp, B. (2004). A Case of Tactile Synchiria: Preserved Somatotopy? Poster presented at the 32nd Annual Meeting of the International Neuropsychological Society, Baltimore.

Medina, J., & Hillis, A. (2003). Neural Substrates of Distinct Patterns of Unilateral Spatial Neglect. Poster presented at the 10th annual meeting of the Cognitive Neuroscience Society, New York City.

Medina, J., & Rapp, B. (2002). The plasticity of somatosensory representations following cerebral lesions in adult humans. Poster presented at the 9th annual meeting of the Cognitive Neuroscience Society, San Francisco.

Accomplishments

Awards and honors

Howard Hughes Medical Institute Post-Doctoral Teaching Fellowship, Haverford College (2009-2011).

National Science Foundation, Integrative Graduate Education & Research Training (IGERT) Fellowship (2000-2005).

National Hispanic Merit Scholarship (awarded to the top Hispanic high school students in the United States), University of Florida (1993-1997).

Popular Press

Our mirror-touch synesthesia research was covered by the [Huffington Post](#), the [Boston Herald](#), and [NSF Discovery Files](#).

Research on the tactile Simon effect covered in “[Rinks oder lechts?](#)” Article in Jan/Feb 2011 issue of *Gehirn & Geist* (sister publication to *Scientific American Mind*, in German).

Research on tactile synchiria featured in [Faculty of 1000](#) and [Science Blogs – Neurophilosophy](#).

Professional Affiliations

Member, Cognitive Neuroscience Society (2002-present)

Member, Tactile Research Group (2006-present)

Associate Member, Psychonomic Society (2007-present)

Member, Society for Neuroscience (2007-present)

Grant Reviewer

Fonds de la Recherche Scientifique/Fund for Scientific Research (Belgium), Israel Science Foundation, Leverhulme Trust, National Science Foundation, Research Grants Council of Hong Kong.

Ad-hoc Reviewer

Acta Psychologica, Behavioural Neurology, Brain and Language, Brain Stimulation, Cerebral Cortex, Clinical Psychology Review, Cognition, Cognitive and Behavioral Neurology, Cognitive Neuropsychology, Cognitive Neuroscience, Consciousness & Cognition, Cortex, Current Biology, Developmental Medicine & Child Neurology, European Journal of Neuroscience, Experimental Brain Research, Frontiers in Human Neuroscience, Frontiers in Cognitive Science, Japanese Psychological Research, Journal of Cognitive Neuroscience, Journal of Experimental Psychology: General, Journal of Experimental Psychology: Human Perception and Performance, Journal of the International Neuropsychological Society, Journal of Neurophysiology, Neuroimage: Clinical, Neuropsychologia, Neurology, Neurorehabilitation & Neural Repair, Neuroscience & Biobehavioral Reviews, PeerJ, PLOS One, Psychological Science, Quarterly Journal of Experimental Psychology, Scientific Reports, Social Cognitive and Affective Neuroscience, and Topics in Stroke Rehabilitation.

Other

External examiner, Ph.D thesis, University of Queensland

Teaching Experience

Courses Taught

Introduction to Cognitive Neuroscience, Haverford College, Fall 2009, Spring 2011.

Foundations of Psychology, Haverford College, Fall 2011, Spring 2012.

Experimental Methods & Statistics Lab, Haverford College, Fall 2011.

Advanced Topics in Psychology: Body and Space, Haverford College, Spring 2012; University of Delaware, Spring 2014, Fall 2017.

Honors General Psychology, University of Delaware, Fall 2012, Spring 2013, Fall 2013, Fall 2014, Fall 2015, Fall 2016, Spring 2018, Fall 2018.

Cognition, University of Delaware, Fall 2014, Fall 2015, Spring 2016, Spring 2017, Fall 2017, Spring 2019.

Nominated for Excellence in Teaching Award, Univ. of Delaware, 2014, 2016.

Additional activities

Mentorship

Supervision of 35 undergraduates engaged in research in cognitive neuroscience at the University of Delaware (twenty-one), the University of Pennsylvania (eight), and Johns Hopkins University (six).

Supervision of six University of Delaware Summer Scholars, one McNair Scholar, four undergraduate independent research projects and five senior thesis projects (one at UD).

Outreach and Service

Director - *Summer Undergraduate Workshop in Cognitive and Brain Sciences* (a two-week NSF-funded student workshop for STEM undergraduates interested in a career in the cognitive sciences, held at the University of Delaware).

Chair – Diversity Committee, Dept. of Psychological and Brain Sciences (2017-present)

Invited Speaker – Delaware Stroke Initiative Annual Meeting, 2013.

Frequent speaker at local stroke support groups.

Instructor – Penn Neuroscience Boot Camp, August 2010, August 2011.

Invited Speaker – Penn Undergraduate Neuroscience Society, February 2011.

Participation in high school outreach activities in Baltimore, MD in conjunction with Brain Awareness Week.
